A former professional dancer/showgirl, Cheryl Slader has been teaching dance, exercise, and yoga for over twenty-eight years. Cheryl has been certified to teach yoga by Erich Schiffmann, Jivamukti Yoga, and Doug Swenson. Cheryl completed her 500 hour teacher training which included an apprenticeship in New York City with Jivamukti senior teacher Ruth Lauer-Manenti. She recently assisted Erich Schiffmann's teacher training in Venice Beach, Ca. Cheryl is the yoga professor at the College of Southern Nevada, teaches at the Las Vegas Recovery Center, Spa Bellagio, Spa Aria, and Red-rock Casino. Inspired by rockstar Sting to pursue yoga, Cheryl emphasizes the philosophy of "living the practice off the mat". Cheryl is the founder and owner of BLUE SKY YOGA {Las Vegas}, a "pay what you can" donation based studio. By living the practice, trusting the universe, and extending kindness and compassion, Cheryl hopes to change the lives and share the sacred teachings of yoga to ALL people no matter what their financial situation is. Those who can donate more might do so to make up for those who can not and therefore UNION will be created by serving each other. Love is the key.

Bhante Sujatha was born in Kandy, Sri Lanka. As a child he knew he wanted to become a Buddhist monk. At age 11, his wish was finally granted and his parents gave their permission for him to enter the monastery. He studied under the school's ordination in the Theravada tradition of Buddhism. Theravada is regarded among its practitioners as the lineage closest to the original form of Buddhism and was brought to Sri Lanka around 250 B.C.

After his ordination he taught in Sri Lanka, Australia, Canada, and Michigan before making his home in Illinois. He is the founder and director of the Blue Lotus Temple in Woodstock. His hope is to blend traditional Buddhist teachings with American culture to bring peace and balance into our fast-paced and sometimes stressful lives.

He teaches Loving-kindness, Mindfulness, & Insight meditation and their application in our everyday lives. He is a kind, wise, and gentle Teacher whose open and easygoing style is conducive to teaching meditation for all levels.

He believes his purpose is not only to teach Meditation but also "teaching people how to be happy."

"I believe in change rather than tradition, particularly when

dealing with our fast-paced American culture"
- Bhante Sujatha
